

OUTDOOR

- ◆ Cover the ground on top of your plants with a 1 or 2 inch layer of mulch to prevent excess evaporation
- ◆ Turn off your automatic watering system within 48 hours of rainfall
- ◆ Wash your pets outdoors in areas where water is scarce

INDOOR

- ◆ Never leave water running while washing dishes - instead, fill one basin with dirty dishes and soapy water and the other (or a large bowl or small portable basin) with rinse water
- ◆ Don't use the medium or large load setting on your washing machine when the small setting will do
